IN THE SPECIFICATION

Please amend the Specification on page 8, second paragraph, paragraph No. [0039], as follows:

The present invention can be embodied as a computer readable code on a computer readable medium. Here, the computer readable medium may be any medium capable of storing data that can be read by a computer system, e.g., a read-only memory (ROM), a random access memory (RAM), a compact disc (CD)-ROM, a magnetic tape, a floppy disk, an optical data storage device, and so on. ~~Also, the computer readable medium may be a carrier wave that transmits data via the Internet, for example. The computer readable recording medium can be distributed among computer systems that are interconnected through a network, and the present invention may be stored and implemented as a computer readable code in the distributed system.~~
